About the programme

S150518S – What's New and Impact in the New COSO Framework?

Course outline

The New Framework issued by COSO in 2013 is an important development, as it facilitates efforts by organizations to develop cost-effective system of internal controls to achieve critical business objectives, sustain and improve corporate performances. It also supports organizations as they adapt to the pace of a changing business environment, manage risks to acceptable levels and improve the reliability of information for decision-making. In this seminar, we not only pinpoint the key changes to the Framework, but also show you a case study with a few easy steps for developing and executing the COSO Transition Plan. Some frequently asked questions on the COSO transition will also be addressed.

Objective

- Understand why changes in the COSO framework are considered necessary
- Understand the most important change – the 17 principles and points of focus
- Understand how to plan and implement the new COSO framework in practice
- Understand how the COSO framework can improve organizational performance and governance

W150529S – How to Put New COSO Framework into Practice?

Course outline

After obtaining a high level understanding of the key changes of new COSO framework and its impact, it is important to transform the new framework into your work plan and internal control working paper documentation for management and external auditor's review. In this workshop, our facilitators will provide you with a working paper template and guide you through exercises to establish a plan with a realistic timeline, identify the points of focus, map current controls to 17 principles, assess the 5 components and evaluate the deficiencies in aggregate. Some common difficulties in practice will also be discussed.

Objective

- Understand how to construct the timeline and develop the COSO transition plan
- Comprehend the 17 principles and corresponding 77 points of focus
- Grasp the skills on mapping controls into the 17 principles with our provided templates
- Understand how to apply the concept of “operating together” in assessing the 5 COSO components and aggregating the deficiencies
