

Technical Update Evenings

Technical Update Evenings (TUE) is a programme of regular evening training sessions held by the Institute to provide comprehensive training to members to build up knowledge on current financial reporting and auditing issues. In each session, TUE aims to help members explore key areas of complexity within the standards and to increase members' abilities to deal with issues arising from the application of standards and get more knowledge on new topics.

The programme covers current standards but puts particular emphasis on those that have been identified as having particular application issues.

Broadcast seminar

A broadcast seminar is a real-time broadcast of live seminar which eliminates the limitation of inadequate seats for popular events. It is a web-based seminar synchronized with powerpoint slides transmitted over the Internet. Simply by connecting to the Internet, a broadcast seminar provides you with the opportunity of joining a popular event and learning hot topics via your computer without the need of travelling. If you would like to know more about broadcast seminar, please refer to the following webpage
