## Rules and Information

### Grouping criteria

- ◇ All registered players should indicate the division in which they wish to compete. Group i for beginners, Group ii for intermediate and Group iii for advance level.
- ◇ The league panel (comprising Roger Ng, William Chan, Johnny Choi, Dacky Leung and Richard Leung) is empowered to draw up the match list. Besides the players' indication, the panel will make reference to their past performance in practices and tournaments. In the absence of any past records, the players may be invited to participate in a practice to enable the panel to make a proper judgment for grouping purpose.
- ◇ Each division has a maximum of 13 players.
- ◇ No handicap will be assigned to players within the same division.

### League format and scoring system

1. It is a single-round league, unless too few participants which may warrant a 2nd round.
2. Each match consists of 2 games of 11 game points.
3. The scoring system is as follows (per match):

Won	2 marks
Draw	1 mark
Lost	0 mark

4. The total number of matches of the league depends on the number of registered players.
5. To "qualify" and be eligible for the final ranking, a player has to complete all of his/her league matches at the end of the match day. The Institute, however, has the right to exercise its discretion in exceptional case, e.g. when the player has suffered from serious injury (in which case he/she will be deemed to lose by 0:2).
6. The league will come to an end after completion of all the matches as scheduled. Except in the event of weather inclement on match-day, in which case the remaining match will be re-scheduled.
7. The ranking is based on the total marks of each player. The player who gets the highest mark in each group will be the champion.
  - (i) If there is a tie, the player who won the relevant matches between the two players with equal marks will be ranked at a higher place.
  - (ii) In the event that para 7(i) fails to achieve the desired outcome, the ranking will be determined by the total number of matches won.
  - (iii) In the event that para 7(ii) fails to achieve the desired outcome, the ranking will be determined by the total number of games won.
  - (iv) In the event that para 7(iii) fails to achieve the desired outcome, the ranking will be determined by draw administered by the Institute.
8. The top three players on the ranking of each group will be the champion, 1st and 2nd runner-ups respectively.

*Below is an illustration of the league rules based on a **total of 13 players** in one of the leagues:*

- (a) *Each player has to play a total of 12 matches under the single-round league format.*
- (b) *By the end of the match day, a player has to complete all the 12 matches in order to be eligible for the final ranking.*

### Table tennis rules

In principle, all match rules will be in accordance with the rules and regulations of the International Table Tennis Federation (ITTF) as far as possible given the league is not intended to be a professional tournament and the main objective of the league is to promote fellowship among TTIG members.

TTIG members will be appointed as umpires to the matches in addition to two independent officials engaged for the match co-ordination and recording of results. Players have the right to raise objection with regard to the decision of the umpire or in the case of suspected foul play, but they must do so by raising it with the chief official on the spot. Upon consultation with TTIG convenor/deputy convenor/ panel members, the chief official's decision shall be final.

*The Institute reserves the right to change the format, schedule and rules of the league as and when required without prior notice.*
