

Technical Update Evenings

Technical Update Evenings (TUE) is a programme of regular evening learning sessions held by the Institute to provide comprehensive training to members to build up knowledge on current financial reporting and auditing issues. In each session, TUE aims to help members explore key areas of complexity within the standards and to increase members' abilities to deal with issues arising from the application of standards and get more knowledge on new topics.

The programme covers current standards but puts particular emphasis on those that have been identified as having particular application issues.

Language

English
