During TUE 2008, each of your hosts will present sessions in their areas of expertise. As you can see from the following pages, the programme covering August to November 2008 addresses issues relating to financial reporting and auditing. We urge you to join us in these sessions, as we learn from your questions

and comments and we hope that you learn from our expertise. Members of the Standard Setting Department will attend each TUE to give you an opportunity to ask general questions on Standards with the aim of extending the technical support the Institute provides to its members.
