

Elevate your expertise in family office success

Expert-led Family Office Training

Hong Kong's family office sector is creating new opportunities for CPAs. With rapid growth comes rising demand for expertise in entity setup and tax structuring; overseeing wealth preservation and succession strategies; and managing cross-border assets and valuation. Your skills have been more valuable.

Mastering family office insights

Last year, in collaboration with the Hong Kong Academy for Wealth Legacy, we hosted "Discovering family office dynamics for success", an event sparked deep discussions and received positive feedback. Click [here](#) to learn more.

Unlocking your competitive edge with specialized e-learning

Now, we are taking it further. We have developed a new series of e-learning courses that deepen your expertise in family office sector. Take the next step and explore our courses today.
