主旨: Comment on Consultation Paper on Proposed changes to Auditing Practices

The Registrar,

I do not agree with the proposed change that Registered Audit Practice can be in the form of practising certificate holder perform audits in their own name. This situation exist years ago , the Institute made a lot of effort to upgrade the image of auditors and now audit practices must be either in form of firm or corporate, I do not understand why the Institute wants to go back to the old regime without any explanation in the consultation paper.

A practising member
