**PRACTICE NOTE
810.2 (REVISED)
THE DUTIES OF THE AUDITOR OF AN INSURER AUTHORIZED UNDER
THE INSURANCE ORDINANCE**

The purpose of Practice Notes issued by the Hong Kong Institute of Certified Public Accountants (HKICPA) is to assist the auditor in applying Hong Kong Engagement Standards of general application to particular circumstances and industries.

Practice Notes are persuasive rather than prescriptive. However they are indicative of good practice and have similar status to the explanatory material in Hong Kong Engagement Standards. This Practice Note provides guidance to assist the auditor to fulfill the objectives of the engagement. The auditor should be prepared to explain departures when called upon to do so.

PART I - GENERAL

Introduction

1. In this Practice Note (“PN”) all the sections mentioned below are in respect of the Insurance Ordinance (Cap.41) (“the Ordinance”) unless otherwise stated. The Insurance Companies Ordinance (Cap. 41) has been renamed as the “Insurance Ordinance” since section 4 of the Insurance Companies (Amendment) Ordinance 2015 came into operation on 26 June 2017.
2. This PN is intended to give guidance to members on the duties of the auditor of an authorized insurer appointed under section 15 (see paragraphs 21 and 22) or paragraph 4(1A) of Part 1 of Schedule 3 to the Ordinance (“Schedule 3”). In addition, guidance on the duties of the auditor of a licensed insurance broker company appointed under section 72 is also included (see paragraphs 56 to 58). This guidance is set out in Part II of this PN below.

This PN also provides guidance to members when reporting on levies paid to the insolvency schemes for Motor and Employee Compensation, the Terrorism scheme for Employee Compensation and the annual remittance report on the levy to the Insurance Authority (“IA”). This guidance is set out in Part III of this PN below.

It is not intended to provide detailed guidance on the general audit procedures to be adopted in respect of insurance companies and brokers.

An auditor should refer to the guidance in paragraph 52 of PN 620.2 *Communication between the Auditor and the Insurance Authority* on sending a written request to the Insurance Authority to confirm whether it has any matter to report to the auditor.

3. The PN has been prepared following discussions with the IA.
4. This is a guide to the provisions in the Ordinance which were effective as at 26 June 2017 (i.e. including the amendments introduced by the Insurance Companies (Amendment) Ordinance 2015), prepared for reference only. Every care has been taken in its preparation. However, the legislation itself is the sole authority of the law and the PN should be used in conjunction with the legislation.

PART II – THE DUTIES OF THE AUDITOR UNDER THE INSURANCE ORDINANCE

Scope of the Ordinance

5. The Ordinance is applicable to all persons (companies or individuals) carrying on insurance business in Hong Kong (including licensed insurance broker companies) other than those persons noted in paragraph 7 and those specifically exempted by section 51 (see paragraph 8).

THE DUTIES OF THE AUDITOR OF AN INSURER AUTHORIZED
UNDER THE INSURANCE ORDINANCE

Insurers which are deemed to carry on insurance business in or from Hong Kong will also fall within the scope of the Ordinance. Section 2(3) provides that a person shall be deemed to carry on insurance business in or from Hong Kong if he opens or maintains an office or agency in Hong Kong for the purpose of carrying on insurance business, or he holds himself out as carrying on insurance business, in or from Hong Kong. Insurers will fall within this scope if they are incorporated in Hong Kong, have a place of business here, are represented here by an agent or are holding themselves out as carrying on insurance business in or from Hong Kong. The following would therefore be included within the scope of and required to be authorized under the Ordinance:

- a. a Hong Kong incorporated company carrying on insurance business in Hong Kong;
 - b. a Hong Kong incorporated company carrying on insurance business through an overseas branch or agency, whether or not it is operating as an insurer in Hong Kong;
 - c. an overseas incorporated company carrying on insurance business through a Hong Kong branch;
 - d. an overseas company carrying on insurance business in Hong Kong by means of an agency;
 - e. a captive insurer, as defined in section 2(7);
 - f. reinsurance companies carrying on reinsurance business in or from Hong Kong (but see paragraph 8(b)); and
 - g. any other person holding himself out as carrying on insurance business in or from Hong Kong.
6. The location of the risks is not relevant in determining whether a particular entity falls within the scope of the Ordinance. Thus, for example, an insurer or a reinsurer who is incorporated overseas and who has not established a place of business in Hong Kong, is not represented by an agent in Hong Kong, and does not hold himself out as carrying on insurance business in or from Hong Kong, can accept insurance or reinsurance premiums relating to Hong Kong risks, without having to be authorized under the Ordinance.
7. Under section 6(1), Lloyd's and an association of underwriters approved by the IA are allowed to carry on insurance business in or from Hong Kong without having to be authorized under the Ordinance.
8. Section 51 specifically exempts the following persons from the provisions of the Ordinance:
- a. any body of persons carrying on insurance business in Hong Kong whose gross premiums do not exceed HK\$500,000 in any financial year and who are bound together for certain specified purposes but not for the purpose of gain;
 - b. persons carrying on only reinsurance business in Hong Kong (unless incorporated in Hong Kong or, if incorporated elsewhere, who have a place of business in Hong Kong or are represented in Hong Kong by an agent or any other person or partnership having a place of business in Hong Kong);

- c. registered trade unions (subject to certain limitations);
 - d. registered co-operative societies;
 - e. the Hong Kong Export Credit Insurance Corporation;
 - f. any authorized institution carrying on insurance business, limited to certain long term or general insurance business carried on solely for the purposes of their banking or deposit-taking business;
 - g. the Credit Union League of Hong Kong;
 - h. a recognized clearing house (as defined in section 51(h));
 - i. a person who is authorized under Part III of the Securities and Futures Ordinance (as defined in section 51(i)).
9. Under section 53 the Chief Executive in Council has power to exempt any insurer from any of the provisions of the Ordinance or to modify or vary any of its provisions in respect of any insurer.

Financial information to be submitted by authorized insurers

10. Section 20 requires two copies of the audited financial information required by Schedule 3 (as detailed in paragraph 11 and summarised in Appendix 1) to be submitted to the IA within four months of the end of the financial period to which they relate. At the same time, where an authorized insurer is a company, section 21 requires that a copy of each document, except those required by Parts 8 and 9 of Schedule 3 (i.e. the returns on Hong Kong long term and/ or general businesses and statement of assets and liabilities), should be deposited with the Registrar of Companies.
11. Requirements for submitting financial information to the IA include:

a. Statutory requirements

Schedule 3 requires, amongst other things, the following to be submitted annually to the IA:

- i. a report by the directors with respect to the profit or loss of the insurer for the financial year and the state of the insurer's affairs as at the end thereof (the detailed disclosure requirements of which are set out in Part 2 of Schedule 3);
- ii. a balance sheet;
- iii. a revenue account;
- iv. a profit and loss account.

Where an authorized insurer carrying on long term business only, or a captive insurer, is a holding company, whether or not it is itself a subsidiary of another body corporate, the statements in (ii) to (iv) above must in addition contain the equivalent consolidated information relating to the insurer and its subsidiaries.

Where an insurer is authorized to carry on general business:

- v. a return on Hong Kong business;
- vi. a statement of assets and liabilities (not applicable to reinsurers or captive insurers).

Where an insurer is authorized to carry on long term business:

- vii. a return on Hong Kong long term business.

The detailed disclosure requirements for the statements in (ii) to (iv) above are outlined in Parts 3 to 5 of Schedule 3 while those relating to the returns referred to in (v) and (vii) above and the statement referred to in (vi) above are covered in Parts 8 and 9 of Schedule 3 respectively.

An auditor's report is required in respect of each of the statements referred to in (ii) to (iv) above (see paragraph 27), the returns referred to in (v) and (vii) above (see paragraphs 28 and 29) and the statement referred to in (vi) above (see paragraph 30).

- b. Other requirements

Although it is not a statutory requirement, the IA requires an insurer to submit annually an audited cash flow statement in addition to the statutory requirements in (i) and (iv) above based on its previous circular.

- 12. The requirements for the submission of these statements to the IA do not override the requirements of the Companies Ordinance. Insurance companies which are incorporated in Hong Kong are also required to produce financial statements to lay before the shareholders in general meeting and these financial statements have to comply with the disclosure provisions of the Companies Ordinance.

Holding company

- 13. It should be noted that the additional provisions relating to an authorized insurer which is a holding company (Part 3 (paragraphs 10 to 13) of Schedule 3) may result in consolidated financial statements being prepared where none are required under the Companies Ordinance. Paragraph 10 of Schedule 3 provides that Part 3 of Schedule 3 shall apply to an authorized insurer carrying on long term business only, or a captive insurer that is a holding company, whether or not it is itself a subsidiary of another body corporate. This means that such an insurer authorized in Hong Kong must prepare its own consolidated financial statements even if it is the wholly-owned subsidiary of a parent company, whether or not that parent company is an insurer. Where a group is structured vertically with each subsidiary or sub-subsidiary being an insurer in its own right, each holding company in the group will have to submit group financial statements in respect of its own subgroup. Depending on the merits of individual insurer, it may be possible for the insurer to obtain a modification of Schedule 3 requirements by making an application under section 17(2).
- 14. Apart from the requirements under Parts 8 and 9, which are in respect of Hong Kong Insurance Business and Hong Kong Long Term Insurance Business (as defined in paragraph 1(1) of Schedule 3) only, the information to be submitted under Schedule 3 shall be in respect of the total business of the insurer.

Hong Kong branch

- 15. Where an overseas company carries on insurance business in Hong Kong through a branch, the information required by the IA apart from the requirements under Parts 8 and 9 must relate to the company's worldwide position. In this respect it should be noted that section 17(2) permits the IA to modify or vary any of the requirements of Schedule 3 in relation to an authorized insurer, provided that the insurer requests such a modification in writing. The IA has indicated that it may be prepared to modify or vary the requirements of Schedule 3 in respect of an overseas company incorporated in a country where the insurer is subject to an acceptable standard of prudential supervision depending on the merits of individual insurer. The auditor who audits a Hong Kong branch of such company is therefore recommended to suggest to the client that the insurer discusses with the IA.

16. According to the IA, submission of audited branch financial statements is one of the standard requirements for the giving or renewal of an accounting concession under section 17(2).
- a. Unless specifically required by the IA, the audited branch financial statements need not comply with the requirements of the Insurance (General Business) (Valuation) Rules. They shall, however, comply so far as applicable with the requirements of Schedule 3.
 - b. The audited branch financial statements would normally include a revenue account, and/or a profit and loss account, a balance sheet, a cash flow statement and notes thereto.

The auditor of the branch is required to ascertain whether the financial statements have been prepared in accordance with the IA's conditions on accounting concession granted to the branch. The IA would normally require the branch to submit financial statements prepared in accordance with the Hong Kong Financial Reporting Standards (HKFRSs) and audited by a certified public accountant who is not prohibited under section 20AAZZR of the Accounting and Financial Reporting Council Ordinance (Cap. 588) ("AFRCO") from holding any appointment as an auditor of a company and is not disqualified under section 393 of the Companies Ordinance (Cap. 622) (or "practitioner") for appointment as auditors of a company. Financial statements prepared in accordance with the HKFRSs will be needed in order for the auditor to issue a report for Part 8 for the financial year ending on or after 31 December 2015. When the branch prepares the financial statements in accordance with the HKFRSs for the first time the requirements in HKFRS 1 (Revised) *First-time Adoption of Hong Kong Financial Reporting Standards* apply in full. The auditor of the branch is also required to ascertain the extent the requirements of HKFRS 1 (Revised) may have been exceptionally amended by the IA's accounting concession when certain facts and circumstances apply (for example the omission of comparative financial information for which the example audit opinion is included in Appendix 5).

Requirement for assets in Hong Kong

17. General and composite insurers, other than captive insurers or persons authorized to carry on reinsurance business only, are required by section 25A to maintain assets in Hong Kong at all times in respect of their liabilities as of the end of the last preceding year, arising from Hong Kong Insurance Business, and to file a statement of assets and liabilities with the IA annually to ensure compliance. Schedule 8 to the Ordinance sets out a list of assets which qualify as assets in Hong Kong. The auditor's requirements to report on this statement are set out in paragraph 30. Where the insurer has entered into contracts of reinsurance for which the premiums payable exceeded 50% of the gross premiums received, such assets shall be at least equal to the greater of:
- a. the aggregate of:
 - i. 80%¹ of its liabilities after deducting the amount in respect of which contracts of reinsurance have been entered into; and
 - ii. the relevant amount (see paragraph 18); and
 - b. the aggregate of:
 - i. 40% of its liabilities before deducting the amount in respect of which contracts of reinsurance have been entered into; and
 - ii. the relevant amount (see paragraph 18).

Where the insurer has not entered into contracts of reinsurance for which the premiums payable exceeded 50% of the gross premiums received, then such assets shall be at least equal to the amount determined in (a) above.

18. "Relevant amount" means the relevant amount determined in accordance with section 10 (see paragraph 38) except that:
- a. the reference to gross premium income in that section shall, for the purposes of section 25A, be deemed to be the gross premium income arising from the authorized insurer's Hong Kong Insurance Business only; and
 - b. the references to claims outstanding, additional amount for unexpired risks and fund in section 10 shall, for the purposes of section 25A, be deemed to be the claims

¹ The IA may increase the percentage on individual case basis.

outstanding, additional amount for unexpired risks and fund respectively arising from the insurer's Hong Kong Insurance Business only.

19. The value of assets and the amounts of liabilities shall be determined in accordance with any applicable valuation rules made under section 129(1)(a). Existing valuation rules at the time of issue of this PN are covered in paragraphs 41 to 51.
20. Pursuant to section 25A(8), if an authorized insurer is required by law to, and does, maintain assets in a place outside Hong Kong for the sole purpose of making preferential payments to policyholders in respect of claims payable relating to Hong Kong insurance business where the insurer is in liquidation, then the assets to be maintained in Hong Kong by section 25A shall be reduced by the amount of these assets.

Appointment of the auditor

21. Under section 15, the authorized insurer must appoint an auditor ("the Appointed auditor") who is:
 - a. not prohibited under section 20AAZZR of the AFRCO from holding any appointment as an auditor of a company and is not disqualified under section 393 of the Companies Ordinance (Cap. 622); or
 - b. qualified as an auditor in the country of incorporation, if the authorized insurer is incorporated outside Hong Kong and who holds such qualification as the IA accepts as being of a comparable standard to that of a person referred to in (a) above.

Financial information and statements to be submitted by an authorized insurer under Parts 3, 4 and 5 of Schedule 3, as appropriate, must be audited by the Appointed auditor.

22. The forms and statements to be submitted by an insurer under Parts 8 and 9 of Schedule 3 must be audited by an auditor who is not prohibited under section 20AAZZR of the AFRCO from holding any appointment as an auditor of a company and is not disqualified under section 393 of the Companies Ordinance (Cap. 622). This auditor may or may not be the Appointed auditor of the insurer referred to in paragraph 21.
23. The insurer must notify the IA in writing of any appointment of, or change in, its Appointed auditor within one month. The first auditor must be appointed within one month of the insurer beginning to carry on insurance business. It is recommended that before beginning the audit the auditor ensures that he/ she has been formally appointed under the Ordinance and that the IA has been notified of the appointment. The IA keeps a record of all the Appointed auditors of insurers for its own use.
24. Section 15A(1) requires that the authorized insurer immediately notifies the IA in writing if for any reason a person appointed under section 15 ceases to be the Appointed auditor or a Hong Kong incorporated insurer proposes to give notice to its shareholders of a resolution removing/replacing the Appointed auditor.
25. Section 15A(2) requires the Appointed auditor to notify the IA in writing immediately if the auditor resigns, decides not to seek reappointment, or decides to qualify any of the auditor's reports required in respect of the information to be submitted under Schedule 3. Further guidance on this obligation may be found in PN 620.2 *Communication between the Auditor and the Insurance Authority* issued by the HKICPA.

The auditor's reports

26. Separate requirements apply in respect of auditor's reports on the financial information, forms and statements required by Schedule 3 for different categories of insurers. These are set out below and in Appendix 1. Suggested forms of wording for each report are included in Appendix 2. For the IA's easy identification of all the forms and statements submitted which are reported on by the auditor, the auditor should stamp the identification chop on each page of the forms and statements. The page numbers set in the auditor's report on the statement to be submitted to the IA under Part 9 of Schedule 3 should refer to the statements and the accompanying supplementary information, where applicable.
27. Paragraph 4 of Part 1 of Schedule 3 requires the auditor to audit the financial information prepared in accordance with Parts 3, 4 and 5 of that Schedule (being a balance sheet, revenue account, profit and loss account and, where applicable, consolidated financial statements) and to

UNDER THE INSURANCE ORDINANCE

state in the auditor's report the items set out below. Definitions of "relevant premium income" and "relevant claims outstanding" are contained in paragraphs 32 to 37. Solvency requirements are set out in paragraph 38.

The auditor is required to state:

In the case of a general insurer other than a captive insurer,

- a. the relevant premium income and relevant claims outstanding of, and the relevant amount as defined in section 10 (see paragraph 38) in the case of, the insurer;
- b. whether in the auditor's opinion the value of the assets of the insurer exceeds its liabilities by that relevant amount;
- c. whether in the auditor's opinion proper records have been maintained in accordance with section 16; and
- d. whether in the auditor's opinion the balance sheet, revenue account and profit and loss account have been properly prepared in accordance with the provisions of the Ordinance.

In the case of an insurer carrying on long term business only,

- a. the greater of:
 - i. the relevant amount as defined in section 10 (see paragraph 38) in the case of the insurer, and
 - ii. the required margin of solvency, as determined by the insurer's appointed actuary in accordance with the Insurance (Margin of Solvency) Rules;
- b. whether in the auditor's opinion the value of the assets of the insurer exceeds its liabilities by the amount under (a) above;
- c. whether in the auditor's opinion proper records have been maintained in accordance with section 16;
- d. whether in the auditor's opinion the balance sheet, revenue account, profit and loss account and (if it is a holding company submitting group financial statements) the group financial statements have been properly prepared in accordance with the provisions of the Ordinance; and
- e. whether in the auditor's opinion the financial statements give a true and fair view of:
 - i. the state of the insurer's affairs;
 - ii. the insurer's profit or loss for the financial year (if the financial statements are unconsolidated); and
 - iii. the state of the group's affairs and of its profit or loss for the financial year (in the case of group financial statements).

THE DUTIES OF THE AUDITOR OF AN INSURER AUTHORIZED
UNDER THE INSURANCE ORDINANCE

In the case of a captive insurer,

- a. the net premium income and net claims outstanding of, and the relevant amount as defined in section 10 (see paragraph 38) in the case of, the insurer;
- b. whether in the auditor's opinion the value of the assets of the insurer exceeds its liabilities by that relevant amount;
- c. whether in the auditor's opinion proper records have been maintained in accordance with section 16;
- d. whether in the auditor's opinion the balance sheet, revenue account, profit and loss account and (if it is a holding company submitting group financial statements) the group financial statements have been properly prepared in accordance with the provisions of the Ordinance; and
- e. whether in the auditor's opinion the financial statements give a true and fair view of:
 - i. the state of the insurer's affairs;
 - ii. the insurer's profit or loss for the financial year (if the financial statements are unconsolidated); and
 - iii. the state of the group's affairs and of its profit or loss for the financial year (in the case of group financial statements).

In the case of a composite insurer,

- a. the relevant premium income and relevant claims outstanding of, and the relevant amount as defined in section 10 (see paragraph 38) in the case of, the insurer's general business;
 - b. the greater of:
 - i. the relevant amount as defined in section 10 (see paragraph 38), and
 - ii. the required margin of solvency, as determined by the insurer's appointed actuary in accordance with the Insurance (Margin of Solvency) Rules in the case of the insurer's long term business;
 - c. whether in the auditor's opinion the value of the assets of the insurer exceeds its liabilities by the aggregate of the relevant amount under (a) and the amount under (b) above;
 - d. whether in the auditor's opinion proper records have been maintained in accordance with section 16;
 - e. whether in the auditor's opinion the balance sheet, revenue account and profit and loss account have been properly prepared in accordance with the provisions of the Ordinance; and
 - f. whether in the auditor's opinion the financial statements give a true and fair view of the financial position of the insurer's long term business.
28. For insurers carrying on general insurance business, paragraph 4(1A)(a) of Part 1 of Schedule 3 requires the auditor to audit the forms (except Form HKL1) prepared in accordance with Part 8 of Schedule 3 (often referred to as the general business returns). The auditor is required to state:

THE DUTIES OF THE AUDITOR OF AN INSURER AUTHORIZED
UNDER THE INSURANCE ORDINANCE

- a. whether in the auditor's opinion proper records have been maintained in accordance with section 16 for the purposes of preparing the forms;
 - b. whether the forms have been properly prepared in accordance with those records; and
 - c. whether the information supplied in the forms is prepared, in all material respects, in accordance with the provisions of Part 8 of Schedule 3 to the Ordinance and, on that basis, the forms, when read in conjunction with the insurer's audited financial information for the year then ended prepared in accordance with Hong Kong Financial Reporting Standards and the provisions of the Ordinance, gives a true and fair view of the insurer's underwriting results pertaining to the Hong Kong Insurance Business for the year then ended.
29. For insurers carrying on long-term insurance business, paragraph 4(1A)(aa) of Part 1 of Schedule 3 requires the auditor to report on Form HKL1 prepared in accordance with Part 8 of Schedule 3 (revenue account), and to state:
- a. whether in the auditor's opinion proper records have been maintained in accordance with section 16 for the purposes of preparing the form; and
 - b. whether the form has been properly prepared in accordance with those records.
30. For insurers carrying on general insurance business, paragraph 4(1A)(b) of Part 1 of Schedule 3 requires the auditor to audit the statement of assets and liabilities ("the statement") prepared in accordance with Part 9 of Schedule 3, and to state:
- a. whether in the auditor's opinion proper records have been maintained in accordance with section 16 for the purposes of preparing the statement;
 - b. whether the statement has been properly prepared in accordance with those records;
 - c. whether the values of the assets and liabilities have been determined in accordance with any applicable valuation regulations;
 - d. whether the relevant amount as defined in section 10 has been determined in accordance with section 25A(1) (see paragraph 18); and
 - e. where the statement is submitted pursuant to:
 - i. section 25A(9), the assets held by the insurer, as shown in the statement, enable it to comply with the requirement stipulated in section 25A as at the last day of the financial year and two such other dates in the financial year as the auditor may elect, provided that the intervening period between those two dates shall not be shorter than three months; or
 - ii. section 25B(3)(b), the assets held by the insurer, as shown in the statement, enable it to comply with the requirement stipulated in section 25B as at the date specified in the notice issued under that section.

Notwithstanding section 25A(3) which states that an authorized insurer shall, at all times, maintain assets in Hong Kong in respect of its liabilities, as of the end of the last preceding financial year, it has been agreed with the IA that for the purposes of checking compliance with section 25A, the auditor compares the assets with liabilities on the last day of the *current* financial year as well as the assets at two dates during the year, as elected by the auditor, with the liabilities at the preceding financial year end date.

The auditor may add qualifications, amplifications or explanations to the auditor's reports as necessary.

For Hong Kong branches of general insurers, the IA may impose additional requirements in the concession letter on the application of the Relaxation of Valuation Rules. If such additional requirements have been included, the auditor's report as set out in Example 4(d) of Appendix 2 should be modified to reflect the additional requirements regarding the Relaxation of Valuation Rules. There are no prescribed circumstances for imposing the additional requirement and the IA will consider the individual circumstances of an authorized insurer as appropriate.

31. The auditor's report required in respect of the financial information prepared in accordance with Parts 3, 4 and 5 of Schedule 3 relates to the financial information, which has to be submitted to the IA and the Registrar of Companies. Where the insurer is incorporated in Hong Kong, financial statements will also have to be prepared for the members in accordance with the applicable requirements of the Companies Ordinance. The auditor will be required to issue two separate audit reports, one for the members on the Companies Ordinance financial statements, and one addressed to the directors who will have the responsibility for submitting the financial information required by Schedule 3 to the IA. The report addressed to the directors will refer to the financial information prepared in accordance with the provisions of the Ordinance (see Appendix 2 for report format). The audit report addressed to members and relating only to the Companies Ordinance financial statements will also have to be submitted to the IA under section 20(5) (see Appendix – Illustrations 1 or 3 of HKSA 700 (Revised), *Forming an Opinion and Reporting on Financial Statements* for report format).

Definitions of “relevant premium income” and “relevant claims outstanding”

32. “Relevant premium income” is defined as the greater of:
- a. 50% of the annual gross premium income of the company; and
 - b. gross premium income less premiums payable by the company in respect of reinsurance.

Gross premium income is defined in section 10(4)(c) as the premiums receivable in that financial year in respect of all insurance business other than long term business. Premiums receivable are defined as the premiums paid or payable to an authorized insurer in respect of contracts written or renewed in that financial year before deducting commissions of agents or brokers but after deducting any discounts specified in policies or refunds of premiums made in respect of any termination or reduction of risks. Discounts specified in policies are generally discounts that relate to the reduction of risks which are being underwritten and should not contain an element of rebate as regards the premiums paid by the insured. Gross premium income as defined above will normally be the amount disclosed in the revenue account under the requirements of paragraph 24(1)(a) of Schedule 3, provided that the amounts recorded are consistent with the amounts written in the year. It should be noted however that this will not be the same as the earned premiums accounted for on an accruals basis since the former is based on all contracts written in the financial year.

33. “Relevant claims outstanding” is defined as:
- a. where no class of the general business of the insurer is accounted for on a fund accounting basis, the aggregate of the following:
 - i. an amount equal to 50% of the claims outstanding (see paragraph 35) before deducting any amount recoverable from reinsurers thereon, or the amount of claims outstanding after deducting any amount recoverable from reinsurers thereon, whichever is the greater; and
 - ii. the additional amount for unexpired risks (see paragraph 36);
 - b. where all classes of the general business are accounted for on a fund accounting basis, the fund (see paragraph 37);

THE DUTIES OF THE AUDITOR OF AN INSURER AUTHORIZED
UNDER THE INSURANCE ORDINANCE

- c. where part of the general business is accounted for on a fund accounting basis, the aggregate of the following:
 - i. in respect of *that* part, the fund (see paragraph 37); and
 - ii. in respect of *the other* part of that business:
 - an amount equal to 50% of the claims outstanding (see paragraph 35) before deducting any amount recoverable from reinsurers thereon, or the amount of claims outstanding after deducting any amount recoverable from reinsurers thereon, whichever is the greater; and
 - the additional amount for unexpired risks (see paragraph 36).
34. "Claims outstanding", "additional amount for unexpired risks" and "fund" are defined in paragraph 1(1) of Part 1 of Schedule 3.
35. "Claims outstanding" is defined as, the amount set aside by an authorized insurer as at the beginning or end of its financial year as being an amount likely to be sufficient to meet:
- a. claims in respect of incidents occurring:
 - i. in the case of an amount set aside as at the beginning of the financial year, before the beginning of that year; and
 - ii. in the case of an amount set aside at the end of the financial year, before the end of that year,

being claims which have not been treated as claims paid and including claims relating to business accounted for over a longer period than a financial year, claims the amount of which have not been determined and claims arising out of incidents that have not been notified to the insurer; and
 - b. expenses (such as legal, medical, surveying and engineering costs) which have been incurred but not yet recorded as paid or which are likely to be incurred by the insurer, whether through the employment of its own staff or otherwise, and are directly attributable to the settlement of individual claims which relate to incidents occurring before the beginning or the end of the financial year (as the case may be), whether or not the individual claims in question are those mentioned above.
36. "Additional amount for unexpired risks" (otherwise known as premium deficiency) means the amount set aside by an authorized insurer at the end of its financial year, in addition to any unearned premiums, which is considered necessary to meet the cost of claims and expenses of settlement arising from risks to be borne by the insurer after the end of the financial year under contracts of insurance entered into before the end of that year.
37. "Fund", in relation to general business recorded as commencing in any financial year of an authorized insurer but accounted for over a period longer than that financial year, means, during such period, an amount not less than the aggregate amount of the premiums receivable during that period (net of reinsurance premiums payable) reduced by the aggregate amount of the claims paid (net of reinsurance recoveries), expenses for settling claims, commission (net of reinsurance commission receivable) and premium taxes in respect of that business and any management expenses attributable to the management of the fund, and after the end of such period, means such amount as is considered necessary to discharge the remaining obligations (net of reinsurance) in respect of that business.

Solvency requirements

38. a. Each company authorized to conduct general business in or from Hong Kong (except a captive insurer) must maintain an excess of assets over liabilities by a relevant amount (often referred to as solvency margin) equivalent to 20% of relevant premium income or relevant claims outstanding, whichever is higher, up to HK\$200 million plus 10% of relevant premium income or relevant claims outstanding in excess of HK\$200 million. The minimum relevant amount required is HK\$10 million (HK\$20 million if authorized for statutory business).
- b. Each company authorized to conduct long term business in or from Hong Kong must maintain an excess of assets over liabilities by an amount equivalent to the greater of the relevant amount of HK\$2 million and the margin of solvency calculated in accordance with the Insurance (Margin of Solvency) Rules. At least the greater of HK\$2 million and one-sixth of the margin of solvency must be held in funds maintained in respect of its long term business (other than class G or H business specified in Part 2 of Schedule 1 to the Ordinance).
- c. Each company authorized to conduct composite business in or from Hong Kong must maintain an excess of assets over liabilities by an amount equivalent to the aggregate of the amounts determined in accordance with (a) and (b) above.
- d. Each company authorized to conduct business as a captive insurer in or from Hong Kong must maintain an excess of assets over liabilities by a relevant amount equivalent to 5% of net premium income or net claims outstanding, whichever is higher. The minimum relevant amount is HK\$2 million.

A summary of solvency requirements is set out in Appendix 3 for easy reference.

Value of assets and liabilities

39. The calculation of relevant premium income, relevant claims outstanding and the relevant amount applicable (see paragraph 38), and the required margin of solvency as determined by the insurer's appointed actuary are required in order to enable the auditor to state in the auditor's report, whether in the auditor's opinion the value of the assets of the insurer exceed its liabilities by the required amount applicable according to the Ordinance. The required amount is determined as being the relevant amount applicable in relation to an insurer's general and captive insurance business and the greater of the relevant amount and the required margin of solvency in relation to an insurer's long term business. An insurer is under an obligation to ensure that the value of the assets exceed its liabilities by the required amount at all times but it is recommended that the auditor only verifies the position at the balance sheet date and two such other dates in the financial year as the auditor may elect, provided that the intervening period between those two dates shall not be shorter than three months. If the value of the assets does not exceed its liabilities by the relevant amount applicable, the insurer is deemed to be unable to pay its debts under section 42 and can be wound up.
40. Subject to any relevant valuation rules issued under section 129(1)(a) (see paragraphs 41 to 51), it is necessary to base the calculation on the provisions laid down in section 8. This section requires assets to be valued having regard to their market value and the cost of realising such assets. In computing the amount of liabilities, all contingent and prospective liabilities shall be taken into account but not liabilities in respect of the insurer's share capital. In determining the amount of these liabilities, regard shall be made to cost of settlement of such liabilities and, where the amount of any such liabilities is assessed or estimated, to the experience of the insurer in carrying on any relevant insurance business or of other persons carrying on the same or similar insurance business.

Valuation Rules for companies carrying on general business

41. In accordance with section 8(4)(b), the valuation of assets and liabilities of an insurer whose business includes or will include general business, other than a captive insurer, should be determined in accordance with the Insurance (General Business) (Valuation) Rules ("Valuation Rules") which came into operation on 26 June 2017.
42. Different requirements are made in the Valuation Rules in respect of different categories of assets. The major categories of assets in respect of which more detailed provisions are made, and the relevant sections in the Valuation Rules, include:
 - a. land and buildings (rule 3);
 - b. listed shares or securities, unit trusts or mutual funds (rule 4);
 - c. shares in investment subsidiaries (rule 5);
 - d. shares in other insurers (rule 6);
 - e. other unlisted shares (rule 7);
 - f. unlisted securities (rule 8); and
 - g. premiums receivable (rule 9).Some provisions are also made in respect of:
 - a. intangible assets and deferred acquisition costs (rule 10);
 - b. discounting of claims (rule 11); and
 - c. additional amount for unexpired risks (rule 12).
43. Rule 14 of the Valuation Rules stipulates admissibility limits for the different categories of assets to ensure a prudent spread of investments. The admissibility limits are applicable to the financial information prepared in accordance with Parts 4 and 5 of Schedule 3 only. This section of the Valuation Rules does not apply to the assets of an insurer required to be maintained in Hong Kong under section 25A or 25B and therefore does not apply to the statement of assets and liabilities prepared under Part 9 of Schedule 3.
44. Notwithstanding that the value given to an asset of an insurer is permissible under the Valuation Rules, if, in all circumstances of the case, it appears that the asset is of a lesser value than that given, such lesser value is to be the value of the asset (rule 15 of the Valuation Rules).
45. The Valuation Rules reaffirms that where no provision for valuation is made under the Valuation Rules in respect of any asset or liability, section 8(4)(c) continues to apply (rule 13 of the Valuation Rules).
46. In the case of a company carrying on or intending to carry on business as a captive insurer, the values of assets and liabilities may be determined in accordance with section 8.
47. Liabilities are defined in section 8(4) as including all contingent and prospective liabilities but excluding liabilities in respect of the insurer's share capital. Where specific valuation rules are not applicable, regard should be had to the cost of settlement of the liabilities and, where estimates are necessary, to the experience of the insurer in carrying on any relevant insurance business or of other persons carrying on the same or similar insurance business.
48. For the purpose of valuing the amount of liabilities, contingent liabilities will be assessed on the probability of their crystallisation. Generally it will be the auditor's responsibility to have regard to

the nature of the contingency, the uncertainties which are expected to affect the ultimate outcome and a prudent estimate of the financial effect.

Liabilities Rules for companies carrying on long term business

49. Where the liabilities of an insurer are in respect of long term business, they must be determined in accordance with the Insurance (Determination of Long Term Liabilities) Rules (“Liabilities Rules”).
50. The general principles and certain specific factors underlying the determination of long term liabilities are laid down in rule 4 of the Liabilities Rules. Generally, they shall be determined on actuarial principles, having due regard to the reasonable expectations of policyholders. Proper provisions shall be made for liabilities on a prudent basis including an allowance for adverse variations of relevant assumptions, and provisions shall be made for all prospective liabilities as determined by the policy conditions for each contract, taking account of future premiums.
51. Specific requirements of the Liabilities Rules, and the sections of those Rules in which they are covered, are made in respect of options and guarantees (rule 10), expenses (rule 12), valuation of future premiums (rule 14) and acquisition expenses (rule 15). Rule 5 of the Liabilities Rules requires prospective calculations to be used in preference to retrospective calculations where possible.

Proper records

52. The Ordinance requires the auditor to state specifically in the auditor’s report whether proper records have been maintained in accordance with section 16.
53. Without prejudice to the Companies Ordinance, section 16 requires the authorized insurer to keep proper books of account which sufficiently exhibit and explain all transactions entered into by the insurer in the course of any business carried on by him. These books can be kept either in a legible form or in a non-legible form capable of being reproduced in a legible form. The Ordinance also requires adequate precautions to be taken to guard against falsification of these records and to facilitate the discovery of any such falsification. In the case of an overseas insurer carrying on insurance business through a branch or an agency, the IA would normally require books to be kept in respect of all its branch or agency business carried on in or from Hong Kong.
54. These books of account must be kept for seven years from the end of the financial year to which the last entry made or matter recorded therein relates.
55. The Insurance Authority may, by serving a notice in writing on an authorized insurer, require the insurer to provide to the Insurance Authority, within the period specified in the notice, any books of account that are required to be kept by section 16 and by the Insurance Authority for performing its functions.

Identification of Long Term Assets and Liabilities

56. Section 22 of the Ordinance sets out the requirements for an authorized insurer carrying on long term business to separate its assets and liabilities attributable to long term business. Part 6 of Schedule 3 to the Ordinance sets out the method of identification of long term assets and liabilities required under section 22.
57. Paragraph 36(1) of Part 6 of Schedule 3 requires every authorized insurer to which this Part of this Schedule applies shall, no later than 6 months after the base date*, deposit with the IA a certificate that the insurer has in accordance with this Part –
 - a. identified in accordance with the provisions of paragraphs 30 and 31 any assets and liabilities which were not already identified on the base date as attributable to the insurer’s long term business;

THE DUTIES OF THE AUDITOR OF AN INSURER AUTHORIZED
UNDER THE INSURANCE ORDINANCE

- b. identified as assets attributable to the insurer's long term business all those assets which are required to be so identified in accordance with paragraph 32; and
- c. established and maintained those books of account and other records which are required to be established and maintained by section 22 of the Ordinance,

and that certificate shall be signed by at least 2 directors of the insurer and the chief executive thereof or, in the case of an insurer which has no chief executive, by at least 2 directors and the secretary thereof.

* As stated in paragraph 29 of Part 6 of Schedule 3, all assets and liabilities not identified with its long term business at the end of the financial year of the authorized insurer beginning next after the commencement of the Ordinance shall be so identified at that date (*the base date*).

58. Paragraph 36(2) of Part 6 of Schedule 3 requires that the certificate referred in paragraph 57. above shall be annexed with a report signed by the appointed auditor stating whether –
- a. the insurer has complied with paragraphs 36(1)(a) and (b) of Part 6 of Schedule 3; and
 - b. in his opinion, the insurer has complied with paragraph 36(1)(c) of Part 6 of Schedule 3.

It is anticipated that this is a one-off requirement to fulfill IA's requirements.

59. If an authorized insurer which carries on long term business is incorporated or formed outside Hong Kong, it may submit a written request to the IA for authorization under section 22A of the Ordinance to maintain accounts of long term business carried on in or from Hong Kong in place of the accounts referred in section 22(1), if such an authorization is given, the insurer shall submit to the IA a certificate and an auditor's report as mentioned in paragraphs 57 and 58 above.
60. The appointed auditor of the authorized insurer should conduct a reasonable assurance engagement in accordance with HKSAE 3000 (Revised), *Assurance Engagements Other than Audits or Reviews of Historical Financial Information* and issue the auditor's report as required under paragraph 58. The auditor should agree the terms of the engagement with the insurer in accordance with HKSAE 3000 (Revised). An example auditor's report is set out in Example 6 of Appendix 2.

Licensed insurance broker companies

61. Section 64N states that an authorized insurer must not enter into a contract of insurance through another person in Hong Kong or accept a referral of insurance business from another person in Hong Kong unless:
- a. that person is (i) a licensed insurance agency or a licensed individual insurance agent appointed by the insurer; or (ii) a licensed insurance broker company; or
 - b. that person's duties only involve clerical or administrative duties.

Sections 64U, 64W and 64ZA, among others, set out the Insurance Authority's requirements for an insurance agency, individual insurance agent and insurance broker company to obtain the relevant licence.

62. Under section 72, a licensed insurance broker company must appoint an auditor who is:
- a. not prohibited under section 20AAZZR of the AFRCO from holding any appointment as an auditor of a company and is not disqualified under section 393 of the Companies Ordinance (Cap. 622); or
 - b. qualified as an auditor in the country of incorporation, if the licensed insurance broker company is incorporated outside Hong Kong and who holds such qualification as the IA accepts as being of comparable to that of a person referred to in (a) above.

63. The auditor of a licensed insurance broker company is required to report on the company's financial statements to its shareholders. The auditor is also required to report on a licensed insurance broker company's compliance with the requirements stipulated by the Insurance Authority. For further guidance on this area, members may refer to PN 810.1 (Revised), *Licensed Insurance Broker Companies - Compliance with the Insurance (Financial and Other Requirements for Licensed Insurance Broker Companies) Rules* issued by the HKICPA.

Communications between the auditor and the IA

64. Section 53D introduces statutory protection for an auditor from liability to the client for breach of confidentiality when he/ she communicates directly with the IA in good faith on matters relevant to any functions of the IA under the Ordinance. Sections 15A(2) (see paragraph 25) and 53E impose a statutory obligation on the auditor to report certain matters directly to the IA. Members may refer to PN 620.2 for further guidance in this area.

PART III – OTHER REPORTING

Annual return on employees' compensation gross premium

65. The Hong Kong Government (the "Government") has entered into an agreement with some authorized insurers for the provision of a facility covering terrorism risk in respect of employees' compensation insurance business. Under the agreement, the insurer is required to pay a monthly charge to the Government based on the gross premium in respect of the employees' compensation business written. An annual return together with a report by the auditor are required to be submitted to the IA within four months after the end of each financial year on the amounts of gross premium for the financial year and the charge payable thereon to the Government. For the IA's easy identification of the annual return which is reported on by the auditor, the auditor should bind the annual return together with the report thereon and stamp the identification chop on each page of the annual return. An auditor should conduct such an engagement in accordance with HKSAE 3000 (Revised), *Assurance Engagements Other than Audits or Reviews of Historical Financial Information*. An example auditor's report is set out in Example 1 in Appendix 4.

Agreed-upon procedures report on levies paid to the First Fund Scheme and the Insolvency Fund Scheme for motor compensation insurance

66. All insurance companies in Hong Kong that are authorized by the Government to write motor vehicle insurance are required to be members of the Motor Insurers' Bureau of Hong Kong ("MIB"). Each member has entered into an agreement with the MIB to contribute such funds as may be required by the MIB to meet its objectives, and furnish particulars of motor premium income and submit such report as the MIB may from time to time deem necessary. A practitioner should conduct such an engagement in accordance with HKSRS 4400 (Revised), *Engagements* ("HKSRS 4400 (Revised)"). An example report is set out in Example 2 in Appendix 4.
67. HKSRS 4400 (Revised) introduced requirements and application material to provide more clarity in the agreed-upon procedures report. The practitioner is reminded to read HKSRS 4400 (Revised) for the requirements.
68. In particular, the practitioner should refer to paragraphs 21 – 23 and A28 – A38 of HKSRS 4400 (Revised) for the engagement acceptance and continuance conditions. The practitioner shall include the terms as set out in paragraph 24 of HKSRS 4400 (Revised) in the engagement letter. Among the terms, the engagement letter shall include the purpose of the engagement and the intended users of the agreed-upon procedures report as identified by the engaging party. An illustrative engagement letter for an agreed-upon procedures engagement can be found in Appendix 1 to HKSRS 4400 (Revised).

Agreed-upon procedures report on levies paid to the insolvency scheme for employees' compensation insurance

69. All insurance companies in Hong Kong who are authorized by the Government to write direct employees compensation insurance business are required to be members of the Employees Compensation Insurer Insolvency Bureau ("ECIIB"). Each member has entered into an agreement with the ECIIB to contribute such funds as may be required by the ECIIB to meet its objectives, and furnish particulars of employees' compensation premium income and submit such report as the ECIIB may from time to time deem necessary. A practitioner should conduct such an engagement in accordance with HKSRS 4400 (Revised). An example report is set out in Example 3 in Appendix 4. The practitioner shall also refer to paragraphs 67 – 68 when conducting the agreed-upon procedures engagement.

Annual remittance report on levy to the IA

70. On 6 June 2017, the Insurance (Levy) Order ("Order") and the Insurance (Levy) Regulation ("Regulation") were issued. The Order specifies the prescribed classes of insurance business and types of insurance contract that a levy is payable by policy holders and the rates of such levy. The Regulation sets out the manner in which the payment of levies must be made. The Order and the Regulation come into operation on 1 January 2018. According to the Regulation, an authorized insurer must lodge with the IA an annual remittance report. The annual remittance report must cover the remittances made in respect of the two remittance periods immediately preceding the date of the report unless otherwise approved by the IA. The annual remittance report is subject to examination by an auditor appointed by the insurer at its expense.
71. The auditor is required to opine on whether the insurer has maintained proper records in accordance with section 16 of the Ordinance for the purpose of preparing the annual remittance report and whether such report has been properly prepared, in all material respects, from the records of the insurer. A practitioner should conduct such an engagement in accordance with HKSAE 3000 (Revised). An example report is set out in Example 4 in Appendix 4.

⁷ HKSA 701, *Communicating Key Audit Matters in the Independent Auditor's Report*.

⁸ HKSA 720 (Revised), *The Auditor's Responsibilities Relating to Other Information*, paragraph 12(c)

In our opinion, the financial information of the Company for the year ended 31 December 20X1 is prepared, in all material respects, in accordance with the provisions of the Insurance Ordinance⁹ (“the Ordinance”).

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSA”) and with reference to Practice Note 810.2 (Revised), *The Duties of the Auditor of an Insurer authorized under the Insurance Ordinance* issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Information* section of our report. We are independent of the Company in accordance with the HKICPA’s *Code of Ethics for Professional Accountants* (“the Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Basis of Accounting and Restriction on Use

We draw attention to note X to the financial information, which describes the basis of accounting. The financial information is prepared to assist the Company in complying with the provisions of the Ordinance. As a result, the financial information may not be suitable for another purpose. Our report is intended solely for the submissions by the Company to the Hong Kong Insurance Authority and the Registrar of Companies and is not intended to be, and should not be, distributed to or used by anyone for any other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of our report. Our opinion is not modified in respect of this matter.¹⁰

Responsibilities of Directors and Those Charged with Governance for the Financial Information¹¹

The directors are responsible for the preparation of the financial information in accordance with the provisions of the Ordinance and for such internal control as the directors determine is necessary to enable the preparation of financial information that is free from material misstatement, whether due to fraud or error.

In preparing the financial information, the directors are responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

In addition, the directors are required to maintain proper records in accordance with section 16 of the Ordinance and to maintain the relevant amount applicable as defined in section 10 of the Ordinance.

Those charged with governance are responsible for overseeing the Company’s financial reporting process.

⁹ Transitional guidance covering the intervening period for a financial period ended on or after 26 June 2017 but before 26 June 2018 (e.g. financial period from 1 January 2017 to 31 December 2017; 1 April 2017 to 31 March 2018): the reference to “Insurance Ordinance” in the report should be amended to “Insurance Ordinance (formerly known as the Insurance Companies Ordinance before being renamed on 26 June 2017)”.

¹⁰ The above wording has been agreed with the Insurance Authority. However, auditors may consider it appropriate to clarify to whom they are responsible here or elsewhere in the report in accordance with their risk management policies and with reference to Professional Risk Management Bulletin No. 2 “Auditors’ Duty of Care To Third Parties and The Audit Report”. Any deviation from the above wording may not be acceptable to the Insurance Authority.

¹¹ Throughout the illustrative auditor’s reports, the terms directors and those charged with governance may need to be replaced by another term that is appropriate in the context of the legal framework in the particular jurisdiction.

Auditor's Responsibilities for the Audit of the Financial Information

Our objectives are to obtain reasonable assurance about whether the financial information as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial information. In addition, we express opinion on whether proper records have been maintained in accordance with section 16 of the Ordinance and as to whether the value of the assets of the Company as determined under the Ordinance exceeds its liabilities by not less than the relevant amount applicable as at year end.

Paragraph 41(b) of HKSA 700 (Revised) explains that the shaded material below can be located in an Appendix to the auditor's report. Paragraph 41(c) of HKSA 700 (Revised) explains that when law, regulation or HKSAs expressly permit, reference can be made to a website of an appropriate authority that contains the description of the auditor's responsibilities, rather than including this material in the auditor's report, provided that the description on the website addresses, and is not inconsistent with, the description of the auditor's responsibilities below.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial information, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial information or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

THE DUTIES OF THE AUDITOR OF AN INSURER AUTHORIZED
UNDER THE INSURANCE ORDINANCE

We conducted our engagement in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) *Assurance Engagements Other than Audits or Reviews of Historical Financial Information* and with reference to Practice Note 810.2 (Revised), *The Duties of the Auditor of an Insurer authorized under the Insurance Ordinance* issued by the HKICPA. We have planned and performed our work to obtain reasonable assurance for giving our opinion below.

Our engagement includes examining, on a test basis, evidence supporting that:

- (a) the Company has properly identified in accordance with the provisions of paragraphs 30 and 31 of Part 6 of Schedule 3 to the Ordinance on the base date as at [Date], [as modified by the IA under section 22A,]⁵² any assets and liabilities which were attributable to the Company's long term business [carried on in or from Hong Kong]⁵²;
- (b) the Company has properly identified as assets attributable to the Company's long term business [carried on in or from Hong Kong]⁵² all those assets which are required to be so identified in accordance with paragraph 32 of Part 6 of Schedule 3 to the Ordinance[, as modified by the IA under section 22A,]⁵²; and
- (c) the Company has established and properly maintained those books of accounts and other records which are required to be established and maintained by section 22 of the Ordinance[, as modified by the IA under section 22A, in respect of the long term business carried on in or from Hong Kong by the Company]⁵².

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

Based on the foregoing, in our opinion, the Company has complied with paragraphs 36(1)(a) - (c) of Part 6 of the Schedule 3 to the Ordinance[, modified by the IA under section 22A, in respect of the long term business carried on in or from Hong Kong by the Company]⁵².

Intended Users and Purpose

This report is intended solely for submission by the Company to the IA and is not intended to be, and should not be, distributed to or used by anyone for any other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of our report⁵⁴.

Example 1 - modified auditor's report on financial statements prepared in accordance with Hong Kong Financial Reporting Standards for the first time and where comparative information has not been presented and disclosed as required under Hong Kong Financial Reporting Standards

For purposes of this illustrative auditor's report, the following circumstances are assumed:

- Audit of a complete set of financial statements of a branch that have been prepared by the chief executive of the branch in accordance with Hong Kong Financial Reporting Standards (a general purpose framework) to assist the branch in complying with the conditions of the accounting concession. The directors do not have a choice of financial reporting frameworks.⁶⁰
- The applicable financial reporting framework is a fair presentation framework.
- The terms of the audit engagement reflect the description of the chief executive's responsibility for the financial statements in HKSA 210.⁶¹
- The comparative information has not been presented as required by Hong Kong Accounting Standard 1 (Revised), *Presentation of Financial Statements*. The misstatement is deemed to be material but not pervasive to the financial statements (i.e., a qualified opinion is appropriate).
- The relevant ethical requirements that apply to the audit are those of the Hong Kong Institute of Certified Public Accountants' *Code of Ethics for Professional Accountants*.
- Based on the audit evidence obtained, the auditor has concluded that a material uncertainty does not exist related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern in accordance with HKSA 570 (Revised).⁶²
- Use of the auditor's report is restricted.
- The auditor is not required, and has otherwise not decided, to communicate key audit matters in accordance with HKSA 701.⁶³
- The auditor has obtained all of the other information⁶⁴ prior to the date of the auditor's report and has not identified a material misstatement of the other information.
- Those responsible for oversight of the financial statements differ from those responsible for the preparation of the financial statements.
- The auditor has no other reporting responsibilities required under local law or regulation.

INDEPENDENT AUDITOR'S REPORT

To the Chief Executive of the Hong Kong Branch of XYZ Insurance Company Limited

Qualified Opinion

We have audited the financial statements of XYZ Insurance Company Limited's Hong Kong Branch ("the Branch") set out on pages to, which comprise the statement of financial position as at 31 December 20X1, and the [statement of profit or loss and] the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

⁶⁰ According to paragraph A14 of HKSA 706 (Revised), *Emphasis of Matter Paragraphs and Other Matter Paragraphs in the Independent Auditor's Report*, the financial statements prepared for a specific purpose may be prepared in accordance with a general purpose framework because the intended users have determined that such general purpose financial statements meet their financial information needs.

⁶¹ HKSA 210, *Agreeing the Terms of Audit Engagements*.

⁶² HKSA 570 (Revised), *Going Concern*.

⁶³ HKSA 701, *Communicating Key Audit Matters in the Independent Auditor's Report*.

⁶⁴ HKSA 720 (Revised), *The Auditor's Responsibilities Relating to Other Information*, paragraph 12(c)

In our opinion, except for the effects of the matter described in the *Basis for Qualified Opinion* section of our report, the financial statements give a true and fair view of the financial position of the Branch as at 31 December 20X1, and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”).

Basis for Qualified Opinion

As explained in [note X] to the financial statements, the comparative information for the year ended 31 December 20X1 has not been presented as required by Hong Kong Accounting Standard 1 (Revised) “Presentation of Financial Statements” which requires an entity to present comparative information in respect of the preceding period for all amounts reported in the current period’s financial statements. We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Branch in accordance with the HKICPA’s *Code of Ethics for Professional Accountants* (“the Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matter - Basis of Accounting and Restriction on Use

We draw attention to note [X] to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Branch in complying with the conditions of the accounting concession. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the submissions by the Branch to the Hong Kong Insurance Authority and is not intended to be, and should not be, distributed to or used by anyone for any other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of our report. Our opinion is not modified in respect of this matter.⁶⁵

[Reporting in accordance with the reporting requirements in HKSA 720 (Revised), *The Auditor’s Responsibilities Relating to Other Information*) – see *Illustration 1 in Appendix 2 of HKSA 720 (Revised)*.]

Responsibilities of Chief Executive and Those Charged with Governance for the Financial Statements⁶⁶

Pursuant to the conditions of the accounting concession under section 17(2) of the Insurance Ordinance⁶⁷ granted by the Hong Kong Insurance Authority, the Chief Executive is responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA, and for such internal control as the Chief Executive determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Chief Executive is responsible for assessing the Branch’s ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Chief Executive either intends to liquidate the Branch or to cease operations, or has no realistic alternative but to do so.

⁶⁵ The above wording has been agreed with the Insurance Authority. However, auditors may consider it appropriate to clarify to whom they are responsible here or elsewhere in the report in accordance with their risk management policies and with reference to Professional Risk Management Bulletin No. 2 “Auditors’ Duty of Care To Third Parties and The Audit Report”. Any deviation from the above wording may not be acceptable to the Insurance Authority.

⁶⁶ Or other terms that are appropriate in the context of the legal framework of the particular jurisdiction.

⁶⁷ Transitional guidance covering the intervening period for a financial period ended on or after 26 June 2017 but before 26 June 2018 (e.g. financial period from 1 January 2017 to 31 December 2017; 1 April 2017 to 31 March 2018): the reference to “Insurance Ordinance” in the report should be amended to “Insurance Ordinance (formerly known as the Insurance Companies Ordinance before being renamed on 26 June 2017)”.

Those charged with governance are responsible for overseeing the Branch's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Paragraph 41(b) of HKSA 700 (Revised) explains that the shaded material below can be located in an Appendix to the auditor's report. Paragraph 41(c) of HKSA 700 (Revised) explains that when law, regulation or HKSA's expressly permit, reference can be made to a website of an appropriate authority that contains the description of the auditor's responsibilities, rather than including this material in the auditor's report, provided that the description on the website addresses, and is not inconsistent with, the description of the auditor's responsibilities below.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Branch's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Chief Executive.
- Conclude on the appropriateness of the Chief Executive's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Branch's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Branch to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

- Audit of a complete set of financial statements of a branch that have been prepared by the chief executive of the branch in accordance with Hong Kong Financial Reporting Standards (a general purpose framework) to assist the branch in complying with the conditions of the accounting concession. The directors do not have a choice of financial reporting frameworks.⁶⁹
- The applicable financial reporting framework is a fair presentation framework.
- The terms of the audit engagement reflect the description of the chief executive's responsibility for the financial statements in HKSA 210.⁷⁰
- The auditor has concluded an unmodified (i.e., "clean") opinion is appropriate based on the audit evidence obtained.
- The relevant ethical requirements that apply to the audit are those of the Hong Kong Institute of Certified Public Accountants' Code of Ethics for Professional Accountants.
- Based on the audit evidence obtained, the auditor has concluded that a material uncertainty does not exist related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern in accordance with HKSA 570 (Revised).⁷¹
- Use of the auditor's report is restricted.
- The auditor is not required, and has otherwise not decided, to communicate key audit matters in accordance with HKSA 701.⁷²
- The auditor has obtained all of the other information⁷³ prior to the date of the auditor's report and has not identified a material misstatement of the other information.
- Those responsible for oversight of the financial statements differ from those responsible for the preparation of the financial statements.
- The auditor has no other reporting responsibilities required under local law or regulation.

INDEPENDENT AUDITOR'S REPORT

To the Chief Executive of the Hong Kong Branch of XYZ Insurance Company Limited

Opinion

We have audited the financial statements of XYZ Insurance Company Limited's Hong Kong Branch ("the Branch") set out on pages to, which comprise the statement of financial position as at [Date], and the [statement of profit or loss and] the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Branch as at [Date], and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

⁶⁹ According to paragraph A14 of HKSA 706 (Revised), *Emphasis of Matter Paragraphs and Other Matter Paragraphs in the Independent Auditor's Report*, the financial statements prepared for a specific purpose may be prepared in accordance with a general purpose framework because the intended users have determined that such general purpose financial statements meet their financial information needs.

⁷⁰ HKSA 210, *Agreeing the Terms of Audit Engagements*.

⁷¹ HKSA 570 (Revised), *Going Concern*.

⁷² HKSA 701, *Communicating Key Audit Matters in the Independent Auditor's Report*.

⁷³ HKSA 720 (Revised), *The Auditor's Responsibilities Relating to Other Information*, paragraph 12(c)

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Branch in accordance with the HKICPA's *Code of Ethics for Professional Accountants* ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Basis of Accounting and Restriction on Use

We draw attention to note [X] to the financial statements, which describes the basis of accounting. The financial statements are prepared to assist the Branch in complying with the conditions of the accounting concession. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the submissions by the Branch to the Hong Kong Insurance Authority and is not intended to be, and should not be, distributed to or used by anyone for any other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of our report. Our opinion is not modified in respect of this matter.⁷⁴

Responsibilities of Chief Executive and Those Charged with Governance for the Financial Statements⁷⁵

Pursuant to the conditions of the accounting concession under section 17(2) of the Insurance Ordinance⁷⁶ granted by the Hong Kong Insurance Authority, the Chief Executive is responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA, and for such internal control as the Chief Executive determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Chief Executive is responsible for assessing the Branch's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Chief Executive either intends to liquidate the Branch or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Branch's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate,

⁷⁴ The above wording has been agreed with the Insurance Authority. However, auditors may consider it appropriate to clarify to whom they are responsible here or elsewhere in the report in accordance with their risk management policies and with reference to Professional Risk Management Bulletin No. 2 "Auditors' Duty of Care To Third Parties and The Audit Report". Any deviation from the above wording may not be acceptable to the Insurance Authority.

⁷⁵ Or other terms that are appropriate in the context of the legal framework of the particular jurisdiction.

⁷⁶ Transitional guidance covering the intervening period for a financial period ended on or after 26 June 2017 but before 26 June 2018 (e.g. financial period from 1 January 2017 to 31 December 2017; 1 April 2017 to 31 March 2018): the reference to "Insurance Ordinance" in the report should be amended to "Insurance Ordinance (formerly known as the Insurance Companies Ordinance before being renamed on 26 June 2017)".

Paragraph 41(b) of HKSA 700 (Revised) explains that the shaded material below can be located in an Appendix to the auditor's report. Paragraph 41(c) of HKSA 700 (Revised) explains that when law, regulation or HKSA's expressly permit, reference can be made to a website of an appropriate authority that contains the description of the auditor's responsibilities, rather than including this material in the auditor's report, provided that the description on the website addresses, and is not inconsistent with, the description of the auditor's responsibilities below.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Branch's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Chief Executive.
- Conclude on the appropriateness of the Chief Executive's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Branch's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Branch to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
