

Hong Kong Institute of
Certified Public Accountants
香港會計師公會

The Hong Kong Institute of Certified Public Accountants is the only statutory licensing body of CPAs in Hong Kong recognized globally as the pre-eminent body of top-tier accountants that leads and serves businesses and the public interest of Hong Kong. At the Institute, we say a CPA is a "success ingredient" in a career, in the business world, and in society as a whole. In building a strong accounting profession, the Institute helps to establish and continuously enhance Hong Kong's reputation as a world-class financial centre.

To meet our business development needs, we are inviting high calibre professionals to join us for the following position:

OFFICER, INFORMATION TECHNOLOGY [Ref. O-IT]

Role and Responsibilities

- Responsible for design and delivery for new system implementations as well as enhancements of existing systems
- Take the lead to troubleshoot, identify and resolve technical problems
- Manage the API platform and provide support on data migration, data conversion and system integration activities
- Work with stakeholders and project team to design and deliver integrated solutions to support business needs
- Responsible for release management and version control to support the rollout of system changes
- Manage post-implementation support and ongoing enhancements to both in-house developed systems and off-the-shelf systems
- Work closely with vendors to ensure timely support on daily operations and system enhancement
- Actively communicate progress to manager and key stakeholders

Qualifications and Required Attributes

- Recognized degree in Information Technology, Computer Science or related disciplines
- Over 3 years hands-on experience in application development using Java/MS .Net and MS SQL/Oracle Database
- Experience in data migration, data integration and API platform
- Advantages with experience in any of the followings:
 - Supporting PeopleSoft applications or Programming in PeopleCode
 - Reporting solutions like SSRS, Oracle BI Publisher, etc.
 - Mobile Apps development
 - Sitecore content management system
 - ETL tools, e.g. Pentaho
 - Microsoft Dynamics CRM
- Experience in supporting parallel projects in a fast-paced and collaborative team environment

- Good problem solving skills, able to work independently and under pressure
- Good communication skills in both English and Chinese
