The Committee also noted that work was in progress within the working group on Accounting Bulletin (AB) 6, which would provide guidance with reference to the requirements of section 436 of the Companies Ordinance.</p> <p>The Committee considered a draft discussion paper on the question of the status of IFRS with respect to Hong Kong companies required to comply with section 380(4)(b) of the Companies Ordinance. <p>8. <u>Any other business</u></p> <p>A member raised the question of whether the HKICPA had been in discussions with the MOF to exchange views regarding the accounting treatment on share of other net asset changes under equity method specified in CASBE 2 (Revised) Long-term Equity Investments. The SSD would refer the matter to the China Standards Advisory Group for further consideration as convergence is not primarily a FRSC responsibility.</p>	SSD

[Post meeting note: SSD has communicated with the MoF on this matter. The MoF provided its view that as IFRS/HKFRS has no specific requirements on this subject, CASBE specifications would not result in divergence between A+H financial statements.]
