HI WINE LOVERS!

We are back to bring sunshine and freshness to your life ! The Mediterranean is the heart of Europe. During the Middle Ages the area was the most active location for trade. Then over time this sea became famous for its hidden beaches, its little local towns and its typical Art de Vivre, that you can't find elsewhere on Earth. Close your eyes and relax to the perfume of lavender and the song of cicadas. We embark on a delightful trip in the Mediterranean!
