

WINES OF THE MONTH

HI WINE LOVERS,

Each fall we celebrate the traditional Mid-Autumn festival, this year on September 28th. Symbolized by the famous Mooncakes, you'll have to find how to taste them with a good bottle of wine. No worries, we are here to recommend you the perfect pairing! Balance the heavy lotus paste and the fatty egg yolk with the refined sweetness and fresh acidity of a sweet white.

HAPPY MID-AUTUMN FESTIVAL!

**DR LOOSEN, RIESLING
BEERENAUSLESE 2011 (375ML)**

**DOMAINE HUET, LE HAUT-LIEU
MOELLEUX, VOUVRAY 2009**

"Ernie Loosen has single-handedly put German wine on the world stage and in the 21st century."

- Jancis Robinson

Beerenauslese ("berry select") is a rich, honeyed dessert wine made from grapes that have been shriveled by botrytis, the "Noble Rot." These extremely concentrated, moldy grapes are painstakingly separated from the unaffected fruit and vinified to make one of Germany's most prized vinous treasures. A fantastic occasion to discover the Riesling as you're surely never did before, full of richness and sweetness on the palate.

"The Huet Domaine has, for decades, been the best representative of its appellation"

*- Bettane & Desseauve,
The World's Greatest Wines.*

Domaine Huet is historically one of the oldest producers in the Loire Valley, with an average age vines today reaching 50 years. The grape Chenin Blanc is the King there, marked by its exceptional capacity to age well while remaining fresh. The wine delivers an exotic nose of tropical fruits with a touch of caramelized fig. Bouquet of pineapple, apricot and spice flavors on the palate concluded by a zesty fresh finish.
