

## Technical Update Evenings

Technical Update Evenings (TUE) is a programme of regular evening learning sessions held by the Institute to provide comprehensive training to members to build up knowledge on current financial reporting and auditing issues. In each session, TUE aims to help members explore key areas of complexity within the standards and to increase members' abilities to deal with issues arising from the application of standards and get more knowledge on new topics.

The programme covers current standards but puts particular emphasis on those that have been identified as having particular application issues.

## Workshop for Audit Manager Workshop for Audit Staff

Workshop for audit manager is a one-day audit workshop which covers the following areas:

- The conduct of small to medium-sized engagements in compliance with Hong Kong Standards on Auditing. The audit process which includes planning, risk assessment, audit procedures and documentation will be illustrated with case studies
- Auditing of more complex and riskier areas: revenue, inventory, accounting estimates, related parties and using the work of an expert
- Common issues in respect of application of financial reporting standards

Participants who have previously attended the workshop for audit staff are encouraged to attend the workshop for audit manager to gain a deeper understanding and practical application of the auditing standards.

## Workshop on Quality Control

The Institute's new edition of *A Guide to Quality Control ("Guide")* was issued in June 2013. The Guide focuses primarily on the development of a firm-wide quality control system. This sets the foundation for the existence of appropriate firm policies that should assist and enable the practitioner to implement the engagement-level requirements.

- The training workshops are planned to introduce the new Guide and the general requirements under the Clarified Hong Kong Standard on Quality Control 1 and the common findings under the Practice Review in relation to quality control.
- Sessions will be held to introduce sample policies and procedures for different sizes of practice that can be used as a starting point in developing a customised quality control on a consistent basis.

Participants are encouraged to bring along their new edition of "A Guide to Quality Control" (either hardcopy or softcopy) for illustrations.
