In response to the evolving situation of the COVID-19 coronavirus, the Institute's Qualification and Examinations Board met and approved the following contingency measures to be put in place for the June 2020 Session.

- The two workshops of each module, originally scheduled in April and May, will be **condensed** into one-day workshops and **postponed** to June and July. In order to maintain the learning effectiveness of the face-to-face workshops there will be a supplementary set of comprehensive notes.
- The prerequisite that QP students must successfully complete the module workshop before sitting the relevant module examination will be lifted for the June 2020 Session. Students will therefore be able to attend the condensed workshops after the module examination.
